Encore delivered an innovative, virtual solution to enable the GO Foundation's Big Catch Up to continue despite COVID restrictions. In the venue, the team built three towers of LED as the stage backdrop to create a branded, stylish look for the online audience that also incorporated GO Foundation design elements.

# Balmoral Burn Sponsors Dinner

For the 20th anniversary of the Humpty Dumpty Foundation's Balmoral Burn Sponsors Dinner, Encore delivered a stunning transformation of a beachside marquee into a gala masterpiece. Creative lighting illuminated pathways and the marquee roof, while Pixel Totems and a giant digital banner showcased event branding and past highlights. Warm amber lighting and elegant centrepieces set the scene for an inspiring evening attended by high-profile guests. Encore's technical expertise and inventive design created an unforgettable atmosphere, earning glowing praise from both the Foundation and attendees, and reinforcing the event's legacy as a heartfelt celebration for a vital cause.
